Re: Health and School
Date: March 2021

General Physical: Continue routine preschool exams with your health care provider.
A physical exam is recommended for school entry.

General Dental: Begin or continue routine exams with your dentist.
A dental exam is recommended for school entry.

Vision & Hearing: Both are frequently included in physical exams, but not always.
A vision exam is recommended for kindergarteners.

Vision & Hearing Screenings are typically provided during C-FC Child Development Day and annually for elementary students at C-FC, however, COVID-19 has prevented that this school year.

Immunization Requirements: Either complete the yellow immunization form or provide a printout from your child's clinic. If you choose not to have your child immunized, the waiver portion of the yellow sheet must be signed and kept on record in his/her school file.

2014 & Years Beyond

2-4 year:	4 DTaP	4 Polio	1 MMR	3 Hept. B	1 Varicella
Grades K-5	4 DTaP	4 Polio	2 MMR	3 Hept. B	2 Varicella
Grades 6-12	4 DTaP & 1 Tdap	4 Polio	2 MMR	3 Hept. B	2 Varicella

Please compare your child's immunization record with the requirements to verify that s/he is up to date.

All immunizations are available at Buffalo County Health & Human Services (608-685-4412) or through your health care provider.

Please call if you have questions or concerns (608-687-4171, ext. 104)
