COCHRANE-FOUNTAIN CITY SCHOOL DISTRICT STUDENT - PARENT MANUAL

DISTRICT INFORMATION

ASSEMBLIES

Assemblies, whether entertaining or educational, are a privilege. Students are expected to attend all school assemblies. A student who misbehaves at an assembly may be subject to disciplinary action.

ATTENDANCE and TRUANCY

Unless a child is excused or has graduated from high school, any person having under control a child who is between the ages of five and 18 years shall cause the child to attend school regularly during the full period and hours that the public or private school in which the child should be enrolled is in session until the end of the school term, quarter, or semester of the school year in which the child becomes eighteen years of age. See Wis. Stat. §118.15.

Instruction in a home-based private educational program that meets all the criteria under section 118.165(1) may be substituted for attendance at a public or private school. See Wis. Stat. §118.15(4).

The 5/10 Day Rule

As per Wisconsin Statute 118.16, parents are allowed to excuse their child five (5) times during each semester with a maximum of ten (10) days per year. All unexcused absences will fall under this rule. Excused absences in excess of the 5/10 rule may be determined as unexcused. Students with unexcused absences in excess of the 5/10-day rule will be referred for truancy.

Excused Absences

The following absences are considered excused with proper notification and **may** be excluded from the five-day rule. This determination is made based on the student's overall attendance and is made at the discretion of the administration.

1. Religious holiday with proper advanced notice to the office;
2. a written statement from proper medical persons stating the child is not in the proper physical or mental health to attend school;
3. medical appointments with proper notification from a medical person (appointment card or note);
4. a death in the immediate family;
5. a court appearance or other legal procedure which requires the attendance of the student (court document);
6. emergencies beyond the control of the student with proper notification from a parent;
7. illness with proper notification from a parent (within two school days of the illness absence);
8. pre-arranged absence (see definition);
9. family business requiring the attendance of the student with proper notification from a parent;
10. severe weather conditions, in the guardian's reasonable judgement, are a danger to the welfare of the student;
11. up to three (3) college visits per year for Juniors and Seniors (evidence required);
12. suspension from school;
13. reasonable, non-discretionary circumstances approved by the school attendance office.

Unexcused Absences

Unexcused absences are those absences that do not fall under the above definition of *excused*. Students in grades 7-12 who receive an unexcused absence will be issued a discipline referral.

Students in grades 7-12 who are unexcused due to not providing parent/guardian clearance of an absence within two school days of returning to school will be issued a discipline referral until the parent/guardian makes contact with the office.

Students whose absences have exceeded the 5/10 Day Rule will need to submit documentation within two (2) days of returning from the absence otherwise the absence will be recorded as unexcused.

Absence Notification

Parents/guardians are to call the school office to excuse their child **prior** to 9:00 AM the morning of an absence to report the absence. A message can be left on the answering machine at any time during non-school hours. If it is not possible to call, a note explaining the student's absence should be presented to school office staff immediately upon return to school. All absences must be cleared within two (2) school days. No parent/guardian contact will result in an unexcused absence until the parent communicates with the office.

Parents/guardians may call to leave a message, send a written note or email one of the office staff regarding their child's absence. If you choose to use email notification, please be sure you get a reply from staff confirming receipt of the email notice.

The office will not issue a written admit slip for students who are absent. Teachers will determine excused/unexcused absences by checking their Infinite Campus Attendance Module. Parents/guardians may check the online portal for a student's attendance. Attendance is updated on the portal the day following the student's return to school. Students are required to provide written documentation or have parent/guardian contact with the office following an absence.

Truancy
School officials will proactively involve parents/guardians if a student's attendance is of concern. If a student begins to develop a pattern of unexcused or excessive absences, the school will communicate with the parent/guardians to discuss the causes of the absences and try to arrange for a solution. The school does not distinguish between unexcused and truant. Thus, all absences not covered under the excused absence list above will be considered unexcused and have the same meaning as "truancy" under Wisconsin Statutes. Students who have excessive absences may also be determined to be truant.

Truancy is defined as any absence of part or all of one or more days from school during which the school attendance officer, principal, or teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent pupil, and also means intermittent attendance carried on for the purpose of defeating the intent of the state's compulsory attendance law. Wis. Stat. §118.16(1)(c).

Habitual Truancy
A habitual truant is defined in Wis. Stat. §118.16 (1) (a) as a student who is absent from school without an acceptable excuse under the school's written attendance policy and under Wis. Stat. §118.15 and C-FC Board Policy 423 for part or all of five or more days in which school is held during the school semester.

A student who is absent from school without an acceptable excuse for part or all of five (5) or more school days per semester will be declared habitually truant. The student may be referred to Buffalo County Social Services for truancy.

Permission to Leave During the School Day
Occasionally events such as medical appointments necessitate a student leaving school during the school day. In such an event, we ask the student to report to the office BEFORE school in the morning. A phone call, note or email from the parent or a doctor or dentist's appointment card must be presented. Such appointments are to be kept to a minimum. We do expect students to be present in the morning of an afternoon appointment or to return to school after the appointment is finished. Students must have a pass from the office to leave school building. Students leaving school without office notification will be subject to discipline for truancy.

Parents are encouraged to notify the office in advance whenever they need to pick up a child during the school day. Parents are not to go directly to the classroom to pick up a child. The office will notify the teacher or page the student to come to the office to check out prior to leaving.

Pre-Arranged Absence
Under circumstances such as an out-of-town trip, a student may need to miss a whole day or several days of school. It is required that parental requests for such pending absences be called in to the main office at least **1 day prior** to the absence. The office will issue an advance make-up slip on which the teachers will assign work that needs to be done in the student's absence. Failure to make arrangements for a pending absence may result in an unexcused absence. Schoolwork from this absence must be completed at the time of returning to school.

High school attendance is taken at the beginning of each class period, including study halls. Absence from a class without the teacher's permission will be unexcused and subject to discipline. Skipping will not be tolerated under any circumstances.

Tardy to School
When students are late to school, they are to report to the office to receive a tardy slip before reporting to their first period class. All school personnel have authority over all students, on school premises, BEFORE, AFTER, and DURING school hours.

BOOKS and MATERIALS

Students are responsible for the care of the books and school materials that are assigned to them. If a book or other school issued material is lost or damaged, the student will be assessed the replacement cost or a fine. It is recommended that books be covered.

BUS TRANSPORTATION and PASSES

Bus transportation is provided for all students. The school establishes bus routes yearly. Students wishing to ride other than an assigned bus must have a written request from a parent or guardian and then obtain a pass from the office. Bus passes should be phoned in during morning hours and NOT left on voice mail. The office is to be notified of all bus pass requests by 2:15 p.m. to facilitate delivery to the student prior to the end of the day.

Transportation outside of the regular routes will be determined by availability. Efforts will be made to meet transportation requests; however, buses operate at nearly full capacity and will not deviate from designated routes.

CELL PHONES and ELECTRONIC DEVICES

Personal electronic devices may be used before and after school, between 7-12 classes and during 7-12 lunch but at no time should the volume be offensive to others. Cell phones and electronic devices may be kept in lockers, backpacks, pockets, and purses but must be TURNED OFF during class and study hall and not be visible to others, per Wis. Stat. §118.258. Cell phones may never be on or used in a locker room or restroom. Cell phones and personal electronic devices are not to be used in classrooms without teacher approval. C-FC Board Policy 443.5.

During 7-12 lunch, personal electronic devices may be used in the commons area but must be turned off prior to the student entering the classroom following lunch. Students who fail to adhere to powering down or discontinuing use of electronic devices in class and study hall may have their device confiscated and face other disciplinary actions. The school district is not responsible for lost, stolen or damaged items.

Students may not use headphones/earbuds/beats during passing time.

The school administration reserves the right to revoke the privilege of using personal electronic devices/cell phones. Students who have an electronic device/cell phone confiscated will be subject to the following:

First Incident: The student may pick up the device/phone from the office at the end of the school day.

Second Incident: A parent/guardian will be required to pick up the device/phone from the office.

Third Incident: Parent/guardian will be required to pick up the phone from the office. The student will not be allowed to have a phone in school for the remainder of the school year.

Further Incidents: May result in more consequences.

COMMUNICABLE DISEASES

Parents or guardians are requested to report immediately any knowledge of communicable diseases to office personnel or the school nurse in an effort to prevent further spread of the disease to the student body.

COMMUNICATIONS

In addition to the newsletter, the district will use the website www.cfc.k12.wi.us and social media site to post calendars and other school information. The district will also use the announcement portal on Infinite Campus (Appendix L) to post class/sports announcements and information. C-FC will use Infinite Campus Messenger with Voice to send out messages regarding attendance and/or possible school delays or closings.

DISCLOSURE STATEMENTS: CLASSROOM and GRADE LEVEL

At the beginning of a course, each teacher will provide a classroom disclosure statement to each student. This statement will provide students and parents with a guideline of classroom rules, consequences, grading policies and testing procedures. This statement is to be reviewed in class, at home and signed by the parent/guardians as well as the student. Signed disclosure statements will be kept on file with the teacher for the duration of the course.

EMERGENCY DRILLS

State law requires schools to conduct emergency drills to ensure the safety of all students and personnel. During fire drills, all students are expected to proceed as follows when the alarm is sounded. Leave the room quickly and quietly in single file and orderly fashion. Students are to move away from the building through exits designated by the faculty and administration. Students are to report to their grade level teacher or to their period teacher once outside the building at a pre-assigned spot. A poster is hung in each classroom indicating the route to leave the building.

The tornado warning is a loud siren tone. When this warning is sounded, students are to report to the area designated by the poster in the room they are currently in. Sit on the floor with your back to the wall and your hands on your head. Should you not have time to report to the assigned area in the case of a tornado, try to get to an interior wall and sit in that manner. Students who are outdoors and may not have time to return to the building should huddle in a near-by ditch or low area or lay down as flat to the ground as possible using your hands to cover your head.

C-FC staff are trained and practice responses to emergencies. Each staff member is issued an Emergency Response Procedure annually.

Any student who does not cooperate with staff during a drill will be subject to disciplinary action. Any student suspected of activating a false fire alarm will be referred to proper authorities.

ENTERING THE BUILDING

All students and visitors must enter the building through the main entrance.

FAMILY NIGHT

Wednesday has been designated as Family Night. No elementary or junior high activities are scheduled for after school on Wednesdays. Senior high activities must conclude by 6:00 p.m. on Wednesdays with any exceptions approved by the activities director, administrator or designee.

FIELD TRIP PERMISSION DISCLAIMER

Field trips are an extension of classroom learning. Therefore, all field trips are governed by all school rules. This includes any scheduled athletic event, class trip, extra-curricular event or any chaperoned school-sponsored activity.

It is understood that each student on a school-sponsored activity will have the protection, supervision, and insurance coverage that would be entitled to any student in school.

Signing of the Student-Parent Manual Acknowledgment form indicates your permission for your student to attend all school-sponsored activities. It is understood that as a parent or guardian you may rescind permission for any activity by written notification to the high school office prior to the event/trip-taking place.

GUIDANCE AND COUNSELING (C-FC Board Policy 364)

The C-FC school system recognizes that every individual student may have a need at some time to discuss personal concerns with someone. The function of our counseling department is to serve student needs in the area of personal concerns and in the areas of educational and vocational planning.

The high school counselor's primary responsibility is to assist students with course selection and ensure that all graduation requirements are met. Additionally, the counselor advises students and parents on vocational and educational opportunities beyond high school.

The counselor is also generally responsible for ensuring that educational requirements are met at the junior high level and that appropriate future course selection is made by seventh through twelfth grade students.

To see a counselor, students should secure a pre-signed pass from the counselor. Students are to present this pre-signed pass to the assigned teacher before seeing the counselor. Students are not to use class time to see a counselor unless it is an emergency, or the counselor has approved the meeting with the teacher involved.

HEALTH SERVICES (C-FC Board Policy 453.1)

Illness

There may be times when students become ill or injured during the school day. Ill students are to report to the nurse's office located next to the main office and may not leave the building without nurse/office permission.

All injuries are to be reported to the staff member in charge. If there is not a staff member in charge, report the injury to the office.

Immunizations

The State of Wisconsin requires a base immunization plan for students attending Wisconsin schools. All students attending Cochrane-Fountain City School must meet this law. If individual immunization compliance is not met, the cases will be sent to the district attorney. The immunizations must be complete at entry and verified on the immunization form with parent/guardian signatures and dates. If your child may not be immunized for medical, religious or personal conviction reasons, a waiver must be signed.

Medications

Students needing to take medications during school hours will need to comply with the following procedure: All medications must come in a prescription labeled container that can remain at school. A parent permission form and a physician order form must accompany each medication. Medications for chronic illness, which must be time dispensed, and four-time-a-day antibiotics are acceptable (three-time-a-day antibiotics may be scheduled around school hours.)

INSURANCE

The school does not provide students with insurance. However, accident insurance is available for students through an independent company. Application forms are sent home with students the first week of school. Applications can be made at any time during the school year by contacting Student Assurance Services. An enrollment packet can also be found on our website.

MEALS (See Appendix L for the complete meal policy)

Please refer to the annual fee schedule for costs for school meals. Meal accounts are credited each day and should contain enough money to cover the meal for the day. During lunch, students must report to the commons and remain there until dismissed. Food is not to be taken from the commons area unless students are going to a scheduled meeting in another area/room.

OFFICE HOURS

The office opens at 7:30 a.m. and closes at 4:00 p.m. Messages (absences, requests for homework - not bus passes) may be left on the office answering system before and after these hours.

ONLINE GRADING (See Appendix L for more information)

Parents and students may view grades and meal account information online by using the Infinite Campus link on the C-FC homepage. Parents/students need only register once for access. There will be a reasonable time period that passes between work being submitted to the teacher and the time it takes to show up in the on-line grade book.

The C-FC School District may offer the Pledge of Allegiance at the beginning of the school day. No student shall be compelled, against his/her objections or those of his/her parents or guardian, to recite the pledge.

PROHIBITED ITEMS

School authorities have the right to search students, bags, packs, purses or lockers whenever there is reasonable suspicion of someone having a weapon or illegal substance. A student refusing to allow a school search and seizure under the policy can be disciplined. A pat down search will be conducted in private by a school authority of the same sex, with an adult witness present, when feasible. Strip searches are forbidden. School authorities may do a more "intrusive" search if there is reason to believe any danger is present.

Weapons – C-FC Board Policy 443.6

The weapons policy bans the possession of guns, knives, razors, brass knuckles, and look-alike firearms while on school premises. Students caught carrying or storing guns, knives, martial arts devices or look-alike toy guns like water pistols, cap guns and souvenir guns may face disciplinary action. Anyone caught with a firearm will be referred to authorities.

Flame Producing Products

Lighters, matches or any other flame producing articles are not allowed in student possession at school. A student found in possession or in use of any of these devices will have the device confiscated and will be subject to disciplinary action.

Alcohol and Drug Use – C-FC Board Policy 443.4

Students are prohibited from using, being under the influence of, possessing or distributing alcohol or other controlled substances in school, on school grounds, at school-sponsored activities, or in school-owned or contracted for vehicles.

The district will cooperate with law enforcement personnel to enforce state and federal laws pertaining to alcohol and other drugs.

A student may be required to submit to a form of drug test to determine the presence of a foreign substance if a school official or law enforcement officer has reasonable suspicion that the student is under the influence of a foreign substance in violation of this policy. A student may be disciplined for refusal to submit to such a test.

Prescription medications are construed as exceptions to this policy when used by the individual for whom they are prescribed and, in the manner, prescribed. The school nurse should be notified of any prescription medication a student is taking.

Tobacco Use – C-FC Board Policy 443.3

State law prohibits all persons, adults and minors, from using tobacco anywhere on school grounds, in vehicles on school grounds, or in the school building, including when attending athletic contests. Tobacco products include smoking, chewing, electronic cigarettes, vape devices, or look-a-likes.

REQUIRED FORMS

Students are given a Student-Parent Manual Acknowledgment form and an emergency form when school begins. These forms must be turned in by the fifth day school is in session. After that time, students who have not turned in forms will not be allowed to participate in school and co-curricular activities until the forms are turned in.

RESIDENCE/PHONE CHANGES

If a student's residence or phone number changes during the school year, the change should be reported to the office as soon as possible in order to keep contact information accurate.

SCHOOL VISITORS

C-FC is a closed campus. No student visitors are allowed during the school day. Parents are welcome to visit school; however, all visitors must check in and out of the main office and wear a visitor badge. Due to data and student privacy, parents may not visit with their child during class time.

SEASON ATHLETIC PASSES

Athletic season passes are available in the school office or at the first couple of home games. The price for an adult season ticket is \$40.00. Family season tickets cost \$85.00 and allow the parents and all school-age children in grades PK-12 of a family to use the pass. Children not yet in school and senior citizens are admitted free. Children in grade 6 and below must be accompanied by an adult to use the pass. The pass would not be honored at away games or tournament games.

STUDENT PRIVACY and CONFIDENTIALITY (C-FC Board Policy 333)

Cochrane-Fountain City School District respects each student's right to the confidentiality and privacy of their educational information. Consistent with our commitment and as required by Federal law, we will make every attempt to protect the privacy of student information so that such information is not heard, read or otherwise shared with others for any reason other than to promote the best educational outcomes for our students.

C-FC publishes a school newsletter and uses student/staff pictures on school web and social media pages. Parent(s)/guardian(s) who wish to revoke permission to have their child's photo or other personally identifiable information used for school purposes must submit a letter in writing declaring such by September 15, each year, or within two weeks of enrolling at Cochrane-Fountain City School District. Letters should be sent to the main office.

VOLUNTEERS

C-FC encourages parents and adults to volunteer in our schools. To assist you and to maintain a safe and orderly environment for our students, we have created the C-FC Volunteer Manual. All volunteers are required to obtain a copy of the Volunteer Manual from the office, complete a School Volunteer Registration Form and pass a background check. Once these steps have been completed, we welcome you to volunteer at C-FC.

BEHAVIOR STANDARDS

C-FC Board Policy 443

The behavior and conduct of students attending C-FC Schools shall reflect the standard of good citizenship, self-discipline, responsibility for one's own actions and respect toward others.

ALL students attending Cochrane-Fountain City Schools, regardless of age, are subject to school rules. Due process, as required by law, will be afforded all students.

At Cochrane-Fountain City Schools, we believe students should know what the school expects of them and the consequences for poor behavior. The following list of behavior standards references common and major violations. The high school administrative team is responsible for dealing with any situation that occurs, not just those addressed in this code. Such situations will be dealt with in a fair and just manner consistent with board policies as they arise.

1. Students will engage in behavior that is not disruptive to classroom learning or school activities.
2. Students will use language that is not verbally, physically or sexually harassing to others.
3. Students will behave in a respectful, non-defiant manner.
4. Students will use appropriate and non-profane language in the school environment.
5. Students will respect school property and personal property of others.
6. Students will not engage in violent or harmful physical behavior such as fighting, biting, hitting.
7. Students will not possess weapons or objects that are harmful to themselves or others.
8. Students will not endanger others; this includes bomb threats and false fire alarms.
9. Students will not possess items which are illegal for them to possess at school.
10. Students will not cheat or plagiarize (see Appendix E).
11. Students will agree to adhere and follow classroom rules.

Due Process

To ensure that students are afforded due process, each student facing the imposition of disciplinary measures shall be informed orally or in writing of the facts and the nature of the conduct that has been challenged and shall be given an opportunity to explain his/her version of the facts or conduct which has been challenged prior to being disciplined.

In all cases where disciplinary action is necessary, reasonable efforts will be made to contact a parent/guardian as soon as practicable.

Corrective Measures for Behavioral Offenses

Infractions that occur at school, at school activities (home or away) or on school grounds are subject to these consequences. A student violator may be subject to any penalty for any infraction or misconduct that has the effect of substantially and materially interfering with the educational process, adversely affecting the health or safety of others, or constitutes a crime if committed by an adult.

Corrective measures used will depend upon the nature of the behavior, the past history of the individual, and the degree to which the student is willing to try to correct undesirable behavior. These measures may include but are not limited to:

1. Warning
2. Student Conference
3. Parent Contact/Conference
4. Lunch Detention
5. After School Detention
6. Removal from class (see Appendix D)
7. In School Suspension
8. Out of School Suspension
9. Referral to law enforcement authorities
10. Alternative Program
11. Pre-Expulsion Hearing
12. Expulsion

- Teachers may remove a student from class and send them to the office if:
 - a. the student has exhausted teacher warnings and is refusing to be cooperative;
 - b. the student has engaged in behavior that could compromise the safety or learning environment of others.

Detentions

Teacher's Detention: A teacher may detain a student during lunch or after school to correct unacceptable behavior. Any student who is told by a teacher to report after school, and for any reason cannot report, must first clear this with the teacher. Failure to do so is insubordination and may result in a disciplinary referral. Students who have detention are not to participate in co-curricular activities on any given day *until* the detention assignment has been completed.

Administrator's Detention: Students may be detained by an administrator for the following reasons: excessive tardiness, unexcused absence from school or class, disrespect, insubordination or any other violation of the behavior standards. Detentions are assigned at the discretion of the administrator. No student may attend school activities such as games or dances if he/she has more than two un-served after school detentions.

After-School Detention: Thursday's from 3:30 to 5:30. Parents are responsible for promptly picking up students from detention.

Lunch Detention: A student on lunch detention will take his/her lunch to an assigned area away from the cafeteria.

Suspensions

In-School Suspension: Assigned only by administration. Dates and location of suspension will be determined by the administration. Time will be 8:00 a.m. to 3:23 p.m. Students will have homework provided and will be required to work the entire day. Lunch will be eaten in the in-school suspension room. All breaks will take place at different times than the student population.

Out-of-School Suspension: Assigned only by administration. An action taken by the administrator prohibiting a student from attending school of a period of not more than five consecutive school days. The suspension period may be extended an additional ten days when an expulsion hearing has been set and it is determined that the student will create an immediate and substantial danger to persons or property around him/her. The purpose of suspension is to remove the student from the school environment and to provide time for the professional staff, parent/guardian, and student to discuss the matter and bring about an agreement on future conduct. During the suspension, the student is **NOT** to be on school grounds and cannot attend school functions or events. Being on school grounds will result in contacting local law enforcement.

A student may be suspended from school for repeatedly violating the rules of the school or immediately for any reason that may cause harm or danger to self or others. Prior to the suspension, the student has the right to be informed why he is under the threat of suspension and to present an account of the incident. When an administrator suspends a student, the parents will be notified either by phone or mail. The suspended student has the right to a hearing with the principal within five days of the suspension at which time the suspension may be reversed if it is determined the suspension was unjust.

Parents/guardians have complete custody and jurisdiction of their child during a suspension. A suspended student will be re-admitted to school after a parent/guardian meeting with the administration.

The period during which a student is absent from school due to a suspension is neither an absence without an acceptable excuse under the statutory definition of truancy or an absence without legal cause under the statutory definition of habitual truant. See Wis. Stat. §118.16 (1m). Suspension from school is an excused absence and students will be allowed to make up work missed. Such schoolwork missed due to suspension will be handled in the same fashion as work missed due to illness. {See Wis. Stat. 118.16 (4)(b)}

Alternative Program

An "Alternative Program" means that educational opportunities are made available within the school district but may be at a site different from a student's originally assigned school or schedule. Alternative programs are unique to each situation and will be considered on a case-by-case basis. All State and Federal regulations will be complied with during a student's alternative program placement.

Referral to Police or Juvenile Authorities

In incidents where criminal activity is alleged to have taken place, the sheriff's department may be notified. If the officer indicates that he/she is arresting the student, with or without a warrant, that officer shall have complete jurisdiction and responsibility in the matter regarding the student's removal from the building.

Parent/Guardian Notification

Parent(s)/Guardian(s) will be notified as soon as practicable of any behavior incidents which resulted in their child being referred to the office. This notification may include a phone call, an electronic notification, and/or a USPS mailing.

COURSE LOAD AND REQUIREMENTS / FAILING GRADES

A total of 24 credits are required to graduate. To stay on schedule, a student should pass a minimum of six credits per year. Upon completion of a class, one-half credit will be issued for each semester passed successfully.

Students have five days after the start of a semester to drop/add classes. Changes to the original schedule require parent contact and authorization. A student who drops a class after ten days into the semester will receive a failing grade for that class unless there are extenuating circumstances.

Grades 9 - 12: Courses listed in the graduation requirements section that are failed must be repeated and completed successfully in order to graduate.

Students who are two or more credits behind in their current grade level may not be promoted to the next higher-grade level. To become a sophomore, a student must be beginning his/her second year of high school and have earned 4 or more credits. To become a junior, a student must be beginning his/her third year of high school and have earned 10 or more credits. To become a senior, a student must be beginning his/her fourth year of high school and have earned 16 or more credits.

Grades 7-8: To advance to the next grade level, a junior high student must pass 20 total quarter credits per year with 10 of those credits earned in the core areas of Language Arts, Math, Science and Social Studies. Also, a student must achieve a 2.0 GPA or receive passing scores on the state standardized tests. Failure to meet these standards will require that the student be presented to the Grade Advancement Committee for evaluation.

DANCES

Grades 7-8 combined may schedule one dance during September/October/November, one during December/ January/February and one during March/April/May. The Junior High Student Council advisor will determine times for the dances. All scheduled dances must conclude by 9:00 p.m. at the latest. Senior high students may not attend junior high dances. No out-of-school guests are permitted at junior high dances.

Grades 9-12 “soc hops” are to be concluded by 11:00 p.m. unless there is prior administrative approval to run later. Prom and Homecoming are to conclude by 12:00. The sponsoring group is responsible for cleaning up and returning all equipment to its proper places. Junior high students may not attend senior high dances.

Court Participation

A junior student who is a court member for Prom will not be eligible for Homecoming court during his/her senior year. Should a student wish to hold the opportunity to serve on a future dance court, he/she must inform the coordinator for the upcoming dance prior to voting taking place that he/she does not wish to be on the ballot for that dance.

Out -of -School Guests

Any guest (non-C-FC student) attending a C-FC high school dance will be required to complete an information form prior to being allowed to attend a school dance. Refer to Appendix M for more information.

DRESS CODE

Time and place dictate appropriate dress. Specific wear, though fashionable, may prove to be unacceptable in the school setting. Students are expected to be appropriately dressed and acceptably groomed for school at all times. Student dress should comply with reasonable standards of cleanliness and safety, be non-restrictive in movement, and should not be disruptive to the operation of the school or inappropriate for students. Clothing that is disruptive to the learning environment, as determined by the administration, will not be acceptable.

Clothing Guidelines

- *Hats, hoods, sunglasses and coats are not to be worn during the school day.

The administration will be the final arbiter in all decisions.

Students who violate these clothing guidelines will be asked to change or cover any clothing deemed inappropriate. While students are generally

The Nurse's office has an assortment of clothing that may be used to replace an inappropriate clothing. Students who cannot change or cover the inappropriate clothing may be sent home. Repeated violations may result in disciplinary action.

GRADING SCALE (C-FC Board Policy 345.11)

Letter grades are recorded on report cards and permanent record cards. Semester grades are used in determining scholastic averages and rank in class for grades 9-12. Assigning the listed numerical values to each letter grade and averaging for each grading period will determine class rank and honor roll. All teachers will abide by the standard grading scale.

GRADUATION (See Appendix I) (C-FC Board Policy 460, 461, 462)

Honors

Graduating seniors who maintain a 3.6 or better GPA through the first seven semesters of high school shall receive Class of Distinction Honors at graduation and will receive an honor cord to wear for the ceremony.

Valedictorian/Salutarian

The student who has the highest cumulative grade point average based on 7 semesters of grading will be named valedictorian of his/her class. To be eligible for Valedictorian/Salutarian, the student must also have been enrolled as a full-time student for three consecutive semesters at C-FC. The Valedictorian may be removed from speaking at the Graduation ceremony if they have a code violation(s).

In the situation where two or more students tie their cumulative grade point average (to the thousandths position), the student with the highest ACT composite score (from the ACT test taken on or before June 30th of Junior/Senior summer) will be named valedictorian. In the event that two or more students have the same ACT composite score, the student with the highest total of the standard scores of the sub-tests will be selected valedictorian.

In the rare event that standard scores of the sub tests are tied, a one-page typed essay will be submitted to an academic committee organized by the C-FC Guidance Office. The topic of the essay will be determined by the Guidance Office. The committee will select a winning essay, and this will serve as the tie breaker.

The above tiebreakers are only to determine who will be named valedictorian. Once the valedictorian is determined, the student with the second highest cumulative grade point average based on 7 semesters of grading will be named salutarian. If there are multiple students with the same GPA, they will all be named salutarians.

Wisconsin Higher Education Scholarship Selection

To be eligible for the Wisconsin Higher Education Scholarship, a student must be considered a senior (16 or more credits and in his/her fourth year of high school), have been enrolled as a full-time student for three consecutive semesters at C-FC prior to the awarding of the scholarship, and be free from code violations. Credits transferred for grade point computation must be from a public or private high school that would be eligible in Wisconsin to select a student for the Academic Excellence Higher Education Scholarship. Students transferring from a school outside of Wisconsin must earn credits from a high school comparable to a school in Wisconsin that is eligible for the Academic Excellence Higher Education Scholarship. All subjects for which a student has been enrolled and a grade has been issued, as indicated by the transcript, are included in the grade point average. All grades are un-weighted. Any pass/fail grades are not included in the GPA.

In the event that two or more students at C-FC High School are tied with the highest grade point average, the following criteria will be used to select the one pupil as the recipient of the scholarship:

1. If, at the time the winner is to be designated, one of the students has committed to attend a college in a state other than Wisconsin, the scholarship shall be awarded to the student who plans to attend a Wisconsin school.
2. If more than one of the students tied for the award plans to attend a Wisconsin school, the award will be given to the student with the highest ACT composite score (from the ACT test taken on or before June 30th of Junior/Senior summer).
regular ACT test taken by each student will be the qualifier.
3. In the event that two or more students have the same ACT composite score, then the student with the highest total of the standard scores of the sub-tests will be selected as the recipient.
4. In the rare event that standard scores of the sub tests are tied, a one-page typed essay will be submitted to an academic committee organized by the C-FC Guidance Office. The topic of the essay will be determined by the Guidance Office. The committee will select a winning essay, and this will serve as the tie breaker.

Scholarships

Financial aid and scholarships are available to graduating seniors for education beyond high school. Members of the community and the high school sponsor several scholarships. The guidance office posts applications for sponsored scholarships as they become available.

LOCKERS

Students are provided with an assigned locker and are expected to use the locker for personal belongings. Each student is responsible for the condition of his/her locker, both inside and out. Students are not allowed to write, mar, deface, or paste on locker doors. Magnets may be used to hang items on and in lockers. Students may be financially accountable for damage to lockers.

Students are to keep the locker assigned to them. Students may not move to an empty locker or trade lockers without permission.

Lockers have locks on them. The school is not responsible for lost, damaged or stolen items. Students are not to prevent lockers from locking. Students who decide to "jam" a locker will be responsible for the costs of any repairs.

As lockers are the property of the school district, school personnel may search them if it is believed that the lockers might contain illegal substances, stolen property, or articles that might endanger the lives or welfare of other students in the school.

NATIONAL HONOR SOCIETY

Cochrane-Fountain City High School is a charter member of the National Honor Society and each year inducts members into its chapter. Membership is determined by scholastic achievement, service to school and community, citizenship and character. A faculty council will make determinations based on information provided by candidates on a scale of 4-1.

C-FC's selection procedure:

- 1) Student must have at least at 3.15 grade point average.
- 2) Eligible students will be given a Student Activity Information Form to complete and to be returned to faculty advisors.
- 3) C-FC faculty will be informed who is eligible for NHS and asked to submit any positive and/or negative comments about eligible students.

- 5) Faculty council will vote on each candidate. A candidate must have a minimum of 2.5 each in character, leadership and service and an overall 2.5 minimum average when scholarship is included.

PARKING

All students MUST park in the designated Student Parking Lot.

Reckless driving of any type by a student which creates endangerment when entering, leaving or while on school grounds may result in disciplinary action.

PASSES

Students leaving an assigned area are to have the teacher/supervisor of the area sign and note the time in writing prior to leaving the area for another destination. Students returning to the classroom/study hall are to have the signature/time stamp of the teacher/supervisor of the designated assigned area. Passes may not be issued to any unsupervised area. The senior high Student Council is comprised of representatives from each grade 9-12, and every officially recognized club on campus. It is the purpose of the C-FC Student Council to experience the democratic process, to give students more of a voice in school matters, to share in the responsibilities to the community in which we live, and to promote better communication between all levels of the school.

The junior high Student Council is comprised of elected representatives from grades 7 and 8 who meet regularly to discuss and assess the needs of the junior high students.

TARDY TO CLASS

Students are given adequate passing time between classes and are expected to arrive on time prepared for class. Each classroom teacher has a tardy rule and will maintain a list of students who are tardy to class. The teacher determines the tardy rules for their classroom that may include requiring students to be in their seats when the bell rings.

The 5th unexcused tardy per semester and each one thereafter may result in an office referral and disciplinary action.

UNPAID DUES AND FEES

A student wishing to participate in co-curricular activities must have assessed school-issued equipment and property fees and class and club dues paid in order to continue participation in co-curricular competitions and performances.

BUS TRANSPORTATION TO AND FROM EVENTS

Every participant must ride to and from activities using school-provided transportation unless the participant has written permission from his/her parent guardian that includes signing out on a form provided by the coach/advisor. Unusual circumstances must be cleared with the Activities Director by the end of the school day prior to the activity.

Returning co-curricular participants are to be picked up in a timely manner following arrival back at school. We recommend that rides be here ten minutes prior to the return time from an activity.

COACH/PARENT/ATHLETE PRE-SEASON MEETINGS & DISCLOSURES

At the beginning of each sports season, coaches will hold a parent/athlete information meeting and send home a Team Rules Disclosure to review team and coach requirements, policies and expectations. It is recommended that parents and athletes attend these meetings. Roles of coaches, athletes and parents will be clearly defined in the expectations/disclosure packet.

At the beginning of each school year, advisors will send home with all members of their group a Rules Disclosure sheet that covers club/activity requirements, policies and expectations.

PARTICIPATION TIME

Participation time will vary depending on the co-curricular activity. Advisors and coaches are to use the following guidelines relevant to participation. Athletic participation playing time rationale will be presented to the administration upon request from the administration.

Attendance: Students must be on time for and attend school for the entire school day to participate in any activity that evening, including practice, games, performances, etc. Pre-excused absences or medical appointments with documentation are the only exceptions. Attendance is reviewed daily.

Varsity: Participation is based on, but not limited to, years of participation in the activity, coachability, attitude, practice habits, practice/game attendance, game knowledge and game skills. While competition is a strong consideration, coaches will consider all elements in player participation.

Jayvee, C-Squad or other levels 9-12: Emphasis on skills development and those criteria listed in the Varsity section.

Junior High Sports: The purpose of Junior High Sports is to provide an opportunity to experience and discover if the activity is something students would like to pursue. Emphasis will be on teaching skills and teamwork complexities. All players will participate. The levels of competition may include separate 7th grade, 8th grade or a combination of both.

If a student is assigned a detention, the detention will supersede all scheduled athletic/activity events on the assigned night. If a student skips a detention, he/she will become ineligible to participate in athletic/activity events until the detention is served. This includes both after-school and lunch detentions.

STATE/NATIONAL COMPETITION

Any student who plans to attend a state or national competition must secure an advance make-up slip from the high school office or advisor and arrange with classroom teachers for schoolwork before leaving for the competition.

Arrangements for necessary meals and lodging for participants will be made by the athletic director or advisor of the activity for motel/hotel rooms under the direct supervision of a C-FC faculty member. Lodging, meals, and transportation will be provided by the C-FC School District. The head and first assistant coaches or advisor will attend the competition as chaperones.

Participants of athletic teams and activity groups who compete in state or national competition will be provided meal money in accordance with the school's policy for reimbursement of meals, currently: breakfast/\$7.00; lunch/\$7.00; dinner/\$9.00. The number of meals will be determined by the administration.

STATE AND NATIONAL ORGANIZATION RULES AND BYLAWS

C-FC is a member of the Wisconsin Interscholastic Athletic Association (WIAA) and therefore shall uphold and enforce the Constitution, By-Laws, Rules of Eligibility, and Sports Regulations of the WIAA. Complete copies of WIAA rules and regulations can be viewed in the Activities Office or online at wiaawi.org.

A national organization's rules and bylaws may supersede the provisions of this manual.

PARTICIPANT CONDUCT/DUE PROCESS/DISCIPLINE

Conduct

Students participating in co-curriculars at Cochrane-Fountain City School District are held to standards of both the C-FC Co-Curricular Code and the C-FC Behavior standards, as referred to on page 9 of this manual and in Appendix D.

Training rules are a matter of self-discipline. The best performance the individual is capable of producing comes only after the body and mind have been conditioned through a regular training program.

Upon initial signature of the code authorization, all provisions of the Junior & Senior High Manual and C-FC Co-Curricular Code will be enforced year-round throughout a student's tenure at C-FC Junior-Senior High School. Periodic revisions of the code will be presented to parents and students for signatures.

Coaches and advisors of each activity shall establish standards of grooming, curfew, dress, and general conduct. A coach or advisor may establish rules that are stricter than this manual's rules.

Participants will attend all practice sessions and activities or present the coach or advisor with a note written by a parent/guardian or a phone call from a parent/guardian to explain the reason for non-attendance.

All absences (other than those pre-arranged with the office) will disqualify a student from participation in practice, competition, or activities for that day.

To protect the health of the student, illness will disqualify the student from practice and/or competition on that day. **Students must attend school the ENTIRE day in order to participate in practices or contests unless excused by the office for an unusual/emergency circumstance.** Students are to schedule appointments such as doctor or dentist on days when there is no competition scheduled. Students violating these rules may be subject to suspension from extra-curricular activities for two weeks.

Any student suspended from school for administrative disciplinary reasons will not practice or participate in athletic contests or co-curricular events during the suspension.

C-FC provides the safest and best equipment available. Each participant is expected to take care of equipment and return it at the end of the activity. The participant will be held responsible for any lost or misplaced equipment and materials as well as for deliberate abuse of equipment and materials.

Co-Curricular Code Violations

A member of any athletic or co-curricular activity at C-FC will be issued a code violation if one or more of the following rules are broken.

Participants may not:

- Drink any alcoholic beverages.
- Smoke or chew tobacco products.
- Use any vape devices, electronic cigarettes, JUUL electronic vape devices or look-a-likes.
- Use any drugs other than those prescribed by a doctor or common over the counter (OTC) drugs.
- Knowingly or unknowingly possess, handle, purchase or transport alcoholic beverages, tobacco products, or other drugs.
- Participate in any hazing activities. “No person may intentionally or recklessly engage in acts which endanger the physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating in connection with a school, college or university. Under those circumstances, prohibited acts may include any brutality of a physical nature, such as whipping, beating, branding, forced consumption of any food, liquor, drug or other substance, forced confinement or any other forced activity which endangers the physical health or safety of the student.” [S. 948.51 (2), Wisconsin Statutes] “In this section ‘forced activity’ means any activity which is a condition of initiation or admission into or affiliation with an organization, regardless of a student’s willingness to participate in the activity.” [S. 948.51 (1), Wisconsin Statutes]
- Be involved in any other immoral or unacceptable conduct contrary to the ideals, principles and standards of the school and the state governing body.

In the case of suspected drug use at school, law enforcement will be notified, and their procedure will be followed. Every effort will be made to call parents immediately after law enforcement notification, or as soon as reasonably practicable. Failure to cooperate with law enforcement’s procedures will result in a code violation being issued.

*A parent may not provide or condone any of the above; doing so will NOT release a student/athlete from a violation.

Due Process

All disciplinary actions will be based on the following steps:

STEP I - Methods Used to Identify Students Who May Have Violated the Co-Curricular Code

- A. A written report signed by an individual who has witnessed the violation. The initial report should be made to appropriate school personnel within ONE WEEK of the infraction.
- B. A student’s admission of the violation: student initiates the admission or admits to the violation upon being questioned by school personnel, which allows the student to be eligible for a Reduced Option Discipline.
- C. To be eligible for the Reduced Option Discipline, a student after violating the co-curricular code must report to appropriate school personnel within the following time frame indicating that he / she has violated the co-curricular code.
 - a) Weekday Violation: notify appropriate school personnel within 24 hours.
 - b) Weekend Violation: notify appropriate school personnel before noon on the next school day.

STEP II - Determination for Further Procedures Will Be Made by the Principal and Activities Director

STEP III - Appeal to Activity Council

- A. Must be filed within one school day of notification in Step I.
- B. The co-curricular committee will be made up of one teacher and one coach drawn by lot, the ATOD Coordinator, the District Administrator, and one board member. This council may make further inquiries, as they deem necessary to make their decision within three school days. The student violator will be under penalty of infraction during this process. The decision of the Activity Council may be appealed to the School Board.

STEP IV - Appeal to School Board

An appeal may be made to the school board by the athletic director, principal, alleged violator and his/her parents/guardians. Written notice of the appeal shall be given to the Clerk of the Board within 14 days after notification of the decision in Step II. The appeal shall be heard within 30 calendar days and the Board will conduct a hearing and render a decision according to its own rules and procedures. The student will follow disciplinary actions pending the School Board's decision.

Disciplinary Action

The activities offered by the C-FC School District are listed in two categories - athletic and non-athletic co-curriculars - with the disciplinary actions for violations listed below them.

Should the violation take place during the sport season or co-curricular calendar year, the suspension will be prorated on a percentage basis to be completed in the next sports season or co-curricular calendar year in which the student has previously participated. The student must complete that next sports season or co-curricular calendar year in order to meet the requirements of the disciplinary action.

Should the student's violation occur while the student is not involved in a sport or activity, the student is suspended from participation in the next athletic or co-curricular calendar season in which he/she had participated previously.

APPENDIX D

CLASSROOM CONDUCT RULES **(Pursuant to 118.164 Wisconsin Statutes "Removal of Pupils from Class")** C-FC Board Policy 443

STATEMENT OF PRINCIPLE

The District recognizes and accepts its responsibility to create, foster, and maintain an orderly and safe class environment, conducive to teaching and to the learning processes. Every member of the school community is expected to cooperate in this central mission. Staff, including administrators and teachers, use their training, experience and authority to create schools and classes where effective learning is possible. Students are expected to come to school, and to every class, ready and willing to learn. Parents should be aware of their children's activities, performance and behavior in school, and are asked to cooperate and consult with the school to prevent or address problems.

The District has a legal duty to make its schools as free as possible of the dangers of violence, weapons, drugs and other behavior harmful to the educational environment. This duty is enforced through the District's policy on suspension and expulsion, which provides procedures by which students may be removed from the school community either temporarily, or in the case of certain expulsions, permanently.

But equally important, the District provides its students the opportunity to attend school as free as reasonably possible from unnecessary and unwarranted distraction and disruption, particularly by those relatively few students who, for whatever reason, are unwilling, unready or unable to avail themselves of the opportunity for an education. Such behavior, while not necessarily so serious or pervasive to warrant suspension or expulsion, can be nearly as destructive to the educational environment. Such behavior warrants, at a minimum, that the student be removed temporarily from the class or activity ("short term removal" or "temporary removal"). Such removal serves the multiple purposes of eliminating (or minimizing) the disruption, of reinforcing the District's strong commitment to an appropriate educational environment, and of allowing a "cooling off" period, for disciplinary or other reasons, short of suspension or expulsion.

In other circumstances, the student's conduct, or the best interests of the student and other members of the class, may warrant longer-term removal from the class ("long term removal"). Long-term removal may, but need not always, be for disciplinary purposes.

A teacher employed by the District may temporarily remove a pupil from the teacher's class if the pupil violates the terms of this Code of Student Conduct (the "Code"). In addition, long-term removal of a student will be possible if the building administrator upholds a teacher's recommendation that a student be removed from the class for a longer period of time. Removal from class under this Code does not prohibit the District from pursuing or implementing other disciplinary measures, including but not limited to detentions, suspension or expulsion, for the conduct for which the student was removed.

GENERAL SCHOOL CONDUCT EXPECTATION STATEMENT

In order to maintain a positive, proactive climate in our school, students are responsible to respect the rights, property and feelings of themselves and others. Behavioral expectations will be clearly communicated to all members of the school community however it is neither possible nor necessary to specify every type of improper or inappropriate behavior or every inappropriate circumstance. The teachers' primary responsibility is to maintain an appropriate educational environment for the class as a whole and if the teacher, in exercising his or her best judgment, has made a determination that a student should be removed temporarily from class because that student is disruptive to the learning environment; that teacher's decision to temporarily remove a student will stand.

GROUNDINGS FOR DISCIPLINARY REMOVAL

A student may be removed from class for conduct and behavior which:

1. Violates District policies regarding suspension/and or expulsion.
2. Violates Conduct Expectations as set forth in the C-FC Student-Parent Manual.
3. Is disruptive, dangerous or unruly.
4. Interferes with teaching and learning.

Explanations of 1, 2, 3, and 4 are as follows:

1. Violation of District Policies

This includes District Policies regarding suspension and expulsion as set forth in other areas of Board Policy. A teacher's decision to remove a student from class for behavior that violates District policies regarding suspension and expulsion may, but does not automatically, mean the student will also be suspended or expelled.

2. Violation of Conduct Expectations, Rules and Consequences as specified in the C-FC Student-Parent Manual.

The Student Manual contains specific behavioral expectations for each student. These expectations and rules are reviewed, explained and discussed with all students and staff at the beginning of each school year. Further, each parent or guardian is required to indicate by signature that the Student Manual, specifying Conduct Expectations, Rules/Consequences and Removal Procedures has been received. Parental signatures indicating receipt of the Student Manual are retained by the District.

3. Behavior that is disruptive, dangerous or unruly.

The following behavior is identified that further clarifies the Classroom Conduct Expectations detailed in C-FC Student-Parent Manual. These identified behaviors are given as an example of behavior that is disruptive, dangerous, or so unruly as to warrant removal from class and depending on the severity of the offense suspension or expulsion. These examples are not meant to be an exhaustive list to cover every behavior.

Inappropriate Physical Contact

That physical contact which is intended or likely to hurt, cause pain and suffering, annoy, or distract. This physical contact may include hitting, biting, pushing, shoving, poking, pinching, or grabbing.

Inappropriate Verbal/Non-verbal Conduct

Those spoken words and gestures that are intended to or by their nature likely to upset, annoy, belittle, or defame others such as name calling, teasing, baiting, or non-verbal signals, signs, facial expressions that are intended to do the same. This may constitute sexual or other harassment.

Repeated or inappropriate verbal conduct or physical gestures that occur when others are talking (example: lecture or demonstration by teacher, responses to questions by another student or another student asking a question, presentations, and may include those by a visitor) or during quiet reading/study time.

Throwing or Displaying Objects/Signs/Placards

Inciting other students to act inappropriately or to disobey the teacher, school or class rules. This includes inciting others to walk out. Displaying anything that may be offensive or cause disorder interfering with learning climate.

Destroying, Vandalizing, or Mutilating Property

Any disrespect for property will be considered as grounds for removal.

4. Behavior that interferes with the ability of the teacher to teach effectively and/or is inconsistent with the class decorum necessary for others to learn.

Students at Cochrane-Fountain City are required to cooperate with the teacher in the learning process. This means that in addition to Classroom Conduct Expectations listed in the C-FC Student-Parent Manual; students are to:

- a. Cooperate with the teacher by listening attentively.
- b. Obey all instructions promptly.
- c. Respond appropriately when called upon.
- d. Open defiance of the teacher manifested in words, gestures, or other overt behavior will not be permitted.
- e. Open disrespect of the teacher manifested in words, gestures, or other overt behavior will not be permitted.
- f. Other behavior likely or intended to sabotage or undermine instruction will not be permitted.
- g. Behavior that is inconsistent with basic classroom decorum, such as, but without limitation, sleeping in class, blatant inattention or other overt or passive refusal or inability to engage in learning activities or class. Any loud, obnoxious or outrageous behavior that is likely to disrupt the educational environment.

When the teacher determines that removal is appropriate and after the teacher has warned the student; except in zero tolerance behaviors as defined in the C-FC Student-Parent Manual, the following must be adhered to:

Teacher Responsibilities The teacher shall:

1. Instruct student to go to the office, send the student with a note and a pass, and/or call the office to indicate student has been directed to the office.
2. Obtain coverage for the class and escort the student to the main office, if necessary.
3. Seek assistance from the Principal's office and/or Superintendent's office, if necessary.
4. Complete Disciplinary Report on Infinite Campus as soon as practicable but not less than 24 hours after removal.

Principal's Responsibilities The Principal shall:

1. Notify parent(s) of the student's removal.
2. Send a copy of the Disciplinary Report from Class form to the parents, within two (2) business days.
3. Designate a "short-term removal area" and take steps to ensure students are supervised while in the short-term removal area.
4. May at his/her discretion send student to another appropriate class, program or education setting.
5. Require students to do academic work while in short-term removal area. Students' time in removal area shall not be recreation or other free time.
6. May elect to suspend a student, depending on severity of the offense.

Time Frame of Removal

1. Short-term removal shall be at the discretion of the administrator.
2. Long-term removal will be considered after repeated incidents; in extreme circumstances, or zero tolerance behaviors as defined in the C-FC Student-Parent Manual.

The teacher may make long-term removal request in writing to the Principal. The statement must include:

- a. Basis for removal request.
- b. Alternatives, other steps taken to avoid removal.
- c. Impact of removal (both positive and negative) on the student and the rest of the class.

Upon receipt of written removal request by the teacher, the Principal shall consult with ALL related parties and at his/her discretion take one or more of the following steps:

- a. Place student in alternative education program.
- b. Place student in another instructional setting.
- c. Return the student to class from which he/she was removed or proposed to be removed.

STATE STATUTE PROVISION FOR RIGHT OF REMOVAL

Long-term removal decision made by District Administrator is not subject to a formal right of appeal. The parents may request a meeting to review the decision however nothing in this policy shall prevent the District Administrator from implementing removal prior to this meeting and notwithstanding the objection of the parent or student.

Students identified as requiring special education services under the IDEA or Section 504 may, in general be temporarily removed from class under the same terms and conditions as non-disabled students.

APPENDIX E

PLAGIARISM

According to the Meriam-Webster Online Dictionary, “plagiarize” means “to steal and pass off [the ideas or words of another] as one’s own, to use [another’s production] without crediting the source, to commit literary theft, and/or to present as new and original an idea or product derived from an existing source.”

In other words, plagiarism is an act of fraud that involves both using someone else’s work and then lying about it by trying to pass it off as your own.

According to U.S. law, the expression of original ideas is considered intellectual property and is protected by copyright laws, just like original inventions.

ALL OF THE FOLLOWING ARE CONSIDERED PLAGIARISM:

- Turning in someone else’s work as your own
- Copying words or ideas from someone else without giving credit
- Failing to put a quotation in quotation marks
- Giving incorrect information about the source of a quotation
- Changing words, but copying the sentence structure of a source without giving credit
- Copying so many words or ideas from a source that it makes up the majority of your work, whether you give credit or not.

Most cases of plagiarism can be avoided simply by citing sources and refusing to share your own work with others.

APPENDIX L

MEAL ACCOUNT POLICY

The United States Department of Agriculture's (USDA) Food and Nutrition Service (FNS) has jurisdiction over the National School Lunch Program (NSLP) and Breakfast Program (SBP). They require each state/local school district to institute and clearly communicate a *meal charge policy* which informs parents and students who pay full or reduced-price cost for their meals how they will be impacted by having insufficient funds in their account to purchase a meal. USDA guidelines give jurisdiction to state/local school districts to set policies that allow schools to impose a limit on charges, offer alternate meals, or allow neither negative meal charges nor offer alternate meals.

Students whose family accounts are approved for free meals will *always* be served a *planned menu meal* without charge. They can, however, be restricted from making any charges to their account for additional food options. An application for free/reduced price meals can be submitted at any time throughout the school year. Once a child is approved for free or reduced-price school meals, their eligibility status remains in effect for the duration of the school year and 30 operating days into the following school year or until a new eligibility determination is made, whichever comes first.

Deficient C-FC Meal Accounts

The Cochrane-Fountain City School District Board may freeze any meal account reaching a balance greater than *-\$50.00*.

Family Meal Account

The C-FC School District assigns each student enrolled in our school to a family meal account (siblings share the same family meal account). Charges to the account, and money deposited into the account, are applied to each family member enrolled at C-FC Schools. Parents are encouraged to log into their Infinite Campus Family Portal to monitor the activity of their family meal account. To obtain access to the portal, contact the main office.

Meal Account Deposits

Deposits to a family meal account can be made in the following manner:

1. You can send meal money (cash/check) in an envelope with the family name and "Meal Money" marked on it to school with the student. PK-6th grade students should give their envelope to their homeroom teacher who will turn it into the office. 7th-12th students should turn their envelope/check into the office or turn it into the food service staff.
2. Payments can be made online. In the Infinite Campus Family Portal, click on the Payments tab. You will have to set up banking information the first time you use this process. There is a \$5.00 fee per transaction. A set of instructions is available under Food Service on our website.
3. You can mail a check to C-FC Food Service, S2770 State Highway 35, Fountain City WI, 54629.

Account Balances and Notifications

Parents are responsible to monitor the balance of their family meal account. Weekly reminders will be sent out from the food service staff through Infinite Campus Messenger.

General reminders will be set up to trigger at the following different intervals:

- a) \$25.00 or less (Message will state your account balance is below \$25.00);
- b) *-\$0.01 to -\$25.00* (Message will state your account has a negative balance, *no extra charges will be allowed*, please make a deposit immediately);
- c) *-\$25.01 to -\$50.00* (Message will state your account is between *-\$25.00* and *-\$50.00* and you must make a payment to prevent the account from being frozen);
- d) *-\$50.00 or more* (Your account is frozen; *no charges* will be accepted until a positive balance is achieved.)

A family meal account will be "frozen" when the balance reaches a *-\$50.00* or more. Once a family account reaches an amount equal to or greater than *-\$50.00*, meals will need to be sent from home and *no charges* will be allowed to the family account until the balance is brought back to a positive balance.

Any student with any size negative balance in their family lunch account will not be allowed to:

- a) purchase items not associated with planned menu items for the day;
- b) double punch at breakfast or lunch time (eat more than one planned meal or meal item);
- c) purchase an extra milk or water;
- d) sign up for an afterschool lunch;

until the account balance is brought back to a positive balance.

Student Meal Cards

Lifetouch Photography provides the district with photo meal ID cards for each student they take a picture of. Those ID Cards contain the student's photo and a scannable bar code which registers to their family meal account. Students are responsible to bring their meal cards with them each time they come through the service line. If a student loses his/her meal card, a new one must be purchased in the school office. A new meal card will cost \$3.00. Students who do not have their meal card with them to scan in the serving line may have to wait until the end of the serving line to get their meal.

State Required Meal Components

The State of Wisconsin requires the school nutrition staff to provide meals that meet state guidelines. The three-component breakfast meal consists of a student taking 1 grain and a ½ cup of fruit or vegetable and a third component choice from milk or a meat/meat alternative or an extra grain or fruit or a juice. A three-component lunch meal must consist of a meat/meat alternative and a ½ cup of fruit or vegetable; the third component may consist of milk or a grain or an extra meat/meat alternative or an additional fruit or vegetable. A student has the option of eating from the salad bar if they meet all three components of a state guideline lunch.

Alternate Options

An alternate option may be available for students. These alternate options would replace the menu item for the day. The alternate option will have the same meat/meat alternative value as the menu item for the day. These options provided at the discrepancy of the school nutrition staff and are served while supplies last.

Meals Served

The school nutrition staff does its best to calculate the number of meals they serve during the day. In the event that the staff runs out of the menu item, the staff will provide an alternative meal option that meets the components of a state required meal.

2020-2021 High School Athletic Eligibility Information Bulletin

To: Student-Athletes and Their Parents

From: Wisconsin Interscholastic Athletic Association and Cochrane-Fountain City School District.

Your high school is a member of the Wisconsin Interscholastic Athletic Association. The following rules and regulations are developed by the member schools of the WIAA and govern the participation by boys and girls in school athletics and in some instances, impact upon sports activities outside the school.

This information bulletin is a **summary** of the WIAA OFFICIAL HANDBOOK as it pertains to those rules and regulations. Both student-athletes and their parents should have an understanding of these requirements. Equally important is that student-athletes and/or parents talk to their principal or athletic director if they have any question about these regulations. For additional information on Rules of Eligibility see the WIAA Handbook or visit the WIAA website at www.wiaawi.org.

This bulletin does not discuss specific penalties for all violations. The reason is that penalties vary depending upon the nature of the violation. In addition, schools often have established penalties or periods of ineligibility, which are greater than the minimum prescribed by WIAA rules.

There also are exceptions and other permissive provisions in some rules. Student-athletes and their parents should discuss all athletic eligibility related situations with the school principal or athletic director who, if necessary, will get a decision, interpretation, or opinion from the WIAA office.

Student-athletes, as well as parents are asked to read this bulletin, and then sign it and have their signature statement (attached) on file at their school prior to practicing and competing.

These are WIAA eligibility rules, which are **current for the 2020-2021 school year**:

AGE

A student shall be ineligible for interscholastic competition if he/she reaches his/her 19th birthday before August 1 of any given school year.

ACADEMICS

A student-athlete must meet school and DPI requirements defining a full-time student and have received no more than one failing grade (including incompletes) in the most recent school issued grade reporting period. Note: Some member schools adopt code and academic policies and other participation requirements which are more stringent than WIAA minimum requirements. In those instances, the school's requirements prevail and must be applied as written.

ATTENDANCE

A student-athlete is eligible for interscholastic competition at a member school if he/she is carried on the attendance rolls as a duly enrolled full-time Grade 9, 10, 11 or 12 student in that member school. (Subject to satisfying all other eligibility requirements.)

Note: A full-time student is further defined as one where the member school is responsible for programming 100% of the student's school day. The student is eligible for like or similar awards, privileges and services as all the other students and meets all obligations and responsibilities as other students, without exception.

- A. A student must complete eligibility in the four consecutive years starting with Grade 9 and the three consecutive years starting with Grade 10, unless there are documented extenuating circumstances and a waiver has been provided.
- B. A student is ineligible if he/she has graduated from a school offering studies through Grade 12 or its equivalent.
- C. A student who graduated in May or June retains eligibility for (a) any portion of a spring athletic schedule not completed by the end of the academic year and (b) the school's summer athletic schedule.
- D. A student is ineligible if he/she has not been enrolled in some school by the 17th day of a semester or trimester, except upon request of a school in special cases involving sickness, accident, military service, social services assignment, e.g.
- E. A student-athlete may not participate in school sports in more than four different years, and a student-athlete may not participate in the same sport more than one season each school year.

DETERMINING RESIDENCE FOR PUBLIC SCHOOL STUDENTS

A full-time student, whether an adult or not, is eligible for varsity interscholastic competition only at the school within whose attendance boundaries his/her parents reside, within a given school district, with these additional provisions:

- A. Board of Education approved full-time student(s), paying their own tuition and residing full time with parents in their primary residence shall be afforded eligibility. Transfer students are subject to provisions outlined in the transfers section of this document and in the Senior High Handbook.
- B. The residence of a student's guardians shall determine eligibility in cases where both parents of a student are deceased. The execution of guardianship papers in situations where one or both parents are living does not by itself make a student eligible.
- C. In the event of a divorce or legal separation, whether pending or final, a student's residence at the beginning of the school year shall determine eligibility, except in situations involving transfer after the fourth consecutive semester following entry into grade 9. For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year.' Under this rule, a student who transfers after the beginning of the school year shall be ineligible at the new school unless approval is granted by the Board of Control in accordance with the transfer and/or waiver provisions as described in the WIAA HS Handbook.

- D. A student whose tuition is paid by the school within whose attendance boundaries parents reside or by the state and is enrolled in a district approved program may be eligible at either school (first priority to school of residence) but (a) may not participate at both schools in the same year and (b) academic ineligibility accompanies student upon transfer. Transfer restrictions may also apply.
- E. A student whose tuition is paid by the school within whose attendance boundaries parents reside or by the state or who is participating full time in a legislated open enrollment option must meet all statutory timeline requirements. This provision extends the opportunity to decline attendance at the new school and continue at his/her school of residence. If the student begins the school year at the new school and then transfers back to school of residence after attending one or more days of school or one or more athletic practices, he/she shall be subject to transfer provisions as outlined in the transfer Section of this document.
- F. A student may continue being eligible in the same school even though parent(s) and/or student move from within that school's attendance boundaries, provided enrollment is continuous (unbroken in that school).
- G. After a student-athlete has not participated and/or has had their eligibility restricted for one calendar year due to reasons relating to residence and/or transfer, he/she becomes eligible.
- H. A student-athlete will not be eligible if his/her attendance at a particular school resulted from undue influence (special consideration because of athletic ability) on the part of any person.
- I. A student-athlete who has been declared ineligible at a school for disciplinary reasons, academic reasons or due to another State Association's provision retains that ineligibility status if he/she transfers to another school.
- J. Except in situations involving transfer after a student's fourth consecutive semester, a full-time student whose residence in a given district and attendance at a member school does not conform with any of the provisions outlined above shall be eligible for nonvarsity competition only, for one calendar year, unless a waiver is provided as outlined in the WIAA HS Handbook under Waivers. Transfer students are subject to transfer provisions as outlined in the transfer section of this document and in the Senior High Handbook.

DETERMINING RESIDENCE FOR NONPUBLIC SCHOOL STUDENTS

A full-time student, whether an adult or not, is eligible for varsity interscholastic competition only if the student is residing full time with parents in their primary residence with these additional provisions:

- A. In the event of a divorce or legal separation, whether pending or final, a student's residence at the beginning of the school year shall determine eligibility except in situations involving transfer after a student's fourth consecutive semester. For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year'. Under this rule, a student who transfers after the beginning of the school year shall be ineligible at the new school unless approval is granted by the Board of Control in accordance with the waiver provisions as described in the WIAA HS Handbook under Waivers. Transfer restrictions may also apply.
- B. Residing full time with guardians shall determine eligibility in cases where both parents of a student are deceased. The execution of guardianship papers in situations where one or both parents are living does not by itself make a student eligible.
- C. A student may continue being eligible in the same school even though parent(s) and/or student move from within that school's traditional attendance area, provided enrollment is continuous (unbroken in that school).
- D. A student who has been in attendance in a nonpublic, self-contained school (i.e. grades K-12 or 7-12) for at least one complete school year prior to reaching Grade 9 and has not broken enrollment during that time is eligible in that nonpublic school upon entering Grade 9.
- E. Except in situations involving mid-year transfer and/or transfer after the fourth consecutive semester students attending member residential schools shall be eligible at the member school provided they reside at the school or reside full time with parents in their primary residence.
- F. Except in situations involving transfer after a student's fourth consecutive semester, a full-time student attending a nonpublic school but not residing in accordance with any of the provisions outlined above shall be eligible for nonvarsity competition only, for one calendar year, unless a waiver is provided as outlined in the WIAA HS Handbook under Waivers.

TRANSFERS

A full-time student may be afforded up to eight consecutive semesters of interscholastic eligibility upon entry into Grade 9. **Transferring schools at any time may result in restrictions being imposed on eligibility, or in some cases a denial of eligibility.** For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year.' These additional provisions relate to transfer cases:

- A. A student who transfers from any school into a member school after the sixth consecutive semester following entry into Grade 9 shall be ineligible for competition at any level for one calendar year, but may practice, unless the transfer is made necessary by a total and complete change in residence by parent(s). The calendar year (365 days) will be determined from a student's first day of attendance at the new school.
- B. Students entering 9th and/or 10th grade at the beginning of the school year and who are within the first four consecutive semesters of high school will be afforded unrestricted eligibility provided all other rules governing student eligibility are met.
- C. Students entering 11th grade are restricted to nonvarsity opportunities for one calendar year.
- D. Students entering 12th grade as transfer students are ineligible to compete at any level for one calendar year, but may practice.
- E. 9th grade students who transfer after the beginning of the school year and with written consent from both schools directly involved shall be restricted to nonvarsity opportunities for the remainder of the school year. Restrictions are removed upon entering 10th grade.
- F. 10th or 11th grade students who transfer after the beginning of the school year and with written consent from both schools directly involved shall be restricted to nonvarsity opportunities for one calendar year (365 days beginning with first day of attendance at the new school).
- G. In the event of divorce or legal separation, whether pending or final, residence at the beginning of the school year shall determine eligibility for students entering 9th and/or 10th grade. In situations involving transfer after the sixth consecutive semester following entry into grade 9 the student is ineligible to compete at any level for one calendar year but may practice.

- H. District policies with respect to intra-district transfer do not supersede WIAA transfer rules in situations involving post-sixth semester transfers. Intra-district transfers occurring after the sixth consecutive semester following entry into grade 9 result in the student being ineligible for competition at any level for one calendar year (365 days beginning with first day of attendance at the new school) but may practice.
- I. Unless transfer, including an accompanying total and complete change of parents' residence, is effective at the outset of a semester, a student cannot establish eligibility at his/her new school until the fifth calendar day of such transfer.
- J. If within the first six consecutive semesters following entry into grade 9, a student who transfers more than once in any given school year shall be ineligible for all interscholastic competition for the remainder of that current school year and will be eligible for nonvarsity opportunities only for the balance of the calendar year. In situations involving transfer after the sixth consecutive semester following entry into grade 9 the student is ineligible to compete at any level for one calendar year, but may practice.
- K. A student may not have eligibility in more than one member school at the same time. A parent or parents who move from a primary residence within one school's attendance boundaries, to a secondary residence within another school's attendance boundaries, may be required by the Board of Control to provide evidence of a total and complete move.
- L. A student who transfers from any school, whether or not a member school, with a status of ineligibility for disciplinary reasons, academic reasons and/or as a result of another State Association's regulation or sanction, retains such status at his/her new school for the same period as decreed by the former school. A student who transfers due to expulsion or removal for disciplinary reason from the previous school is ineligible for the length of the expulsion as determined by the previous school's Board of Education.
- M. No eligibility will be granted for a student whose residence within a school's attendance boundaries, with or without parents, or whose attendance at a school has been the result of undue influence (special consideration due to athletic ability or potential) on the part of any person, whether or not connected with the school.

PHYSICAL EXAMINATION and PARENT'S PERMISSION

A student-athlete whether an adult or not, must have *written permission of parents to participate in school athletics*, an *emergency information form*, and he/she must have a *physical examination* (signed by a licensed physician, physician's assistant or advanced practice nurse prescriber) every other school year.

A physical examination taken April 1 and thereafter is valid for the following two school years. Physical examination taken before April 1 is valid only for remainder of that school year and the following school year.

TRAINING and CONDUCT

A student-athlete must follow his/her school's code of conduct (training rules) on a year-round basis.

- A. A student-athlete who violates his/her school's code of conduct during the season of a sport (start of practice to final game) must be suspended from competition for a period of time specified in the code (minimum of one meet) if the violation involves (a) possession and/or use of alcohol, (b) possession and/or use of tobacco, including chewing tobacco and (c) use, possession, buying or selling of controlled substances, street drugs and performance enhancing substances (PES).
- B. The member school will determine minimum penalties for violation of any other provisions of its code of conduct, including out of season offenses and for any other unacceptable conduct contrary to the ideals, principals and standards of the school and this Association including but not limited to criminal behavior.
- C. Any student charged and/or convicted of a felony shall, upon the filing of felony charges, become ineligible for all further participation until the student has paid his/her debt to society and the courts consider the sentence served (including probation, community service, etc.).

Violation of this rule results in loss of eligibility for the remainder of the season (including the WIAA tournament series) and forfeiture of the two non-school opportunities.

- A. WIAA rules do not prevent athletes from practicing with non-school teams or from receiving private skills instruction during the school season. However, they may not participate officially or unofficially (including "banditing") in more than two non-school competitions or races, including scrimmages against other teams (with school approval).
 - (1) This restriction applies to normal non-school games as well as "gimmicks," such as reduced numbers competition (3-on-3 basketball, 6 player soccer, e.g.), specific skill contests (punt, pass, and kick, shooting contests, free throws, 3 point, e.g.), fun runs, etc.

Specific skill contests (punt, pass, and kick, shooting contests e.g., free throws, 3-point, drive, chip and putt) isolate separate skills outside of the traditional competition setting. The skill contest may not include physical contact or extreme fatigue as the actual sport competition. Fun runs are not considered skills contests. There can be no school coach involvement. All other eligibility rules including amateur status apply.
 - (3) A student who was a member of a school team during the previous year may not delay reporting for the school team beyond the school's official opening day of practice in order to continue non-school training and/or competition.

All sports except football are exempt from this rule, BUT only (a) during the summer months and (b) if the program involved is not limited to individuals who are likely to be candidates for the school team in that sport in the following season.
- E. A student-athlete must not participate in an all-star game or similar contest except for summertime activities (a) within the same league or program (e.g., softball game between divisions of same league) or (b) in which a team is selected to represent a league in post-season play (e.g., Babe Ruth league team).
