

Programs for English Learners

Within 30 days of the beginning of the school year or within two weeks of a child being placed in an English language instruction educational program, parents are to be informed of the reasons for placement in the program. Information should also include level of English proficiency, how the level was assessed, methods of instruction, how the program will meet the child's educational needs and achieve academic standards for graduation and promotion, specific exit requirements and parental rights. See [Board Policy 342.7](#).
