The Foster Grandparent Program (FGP) provides loving and experienced tutors and mentors for children with special needs, or who are at an academic or social disadvantage. Working one-on-one and serving between 15 - 40 hours a week, Foster Grandparents provide support in local schools. Among other activities, they review schoolwork and reinforce values. They often maintain an ongoing, intensive relationship with the children served.

You Have What It Takes!

- You have expertise and life experience to share with youth,
- You don't need formal experience in tutoring or mentoring,
- Orientation and training is provided by the program.
- Best of all, you'll have a chance to form friendships, improve your health, and live longer!
